The Today and Tomorrow Educational Foundation – following the example of Jesus Christ in His service to those in need – assists faith based and private schools in providing quality, affordable and accessible educational opportunities for any economically disadvantaged family within the St. Louis region by generating financial assistance in the form of scholarships from local and national funding sources.
Dear Friends,

Reflecting upon another year, it is my privilege to thank you on behalf of the Board of Directors, TTEF kids and their families for your generous support and partnership and to share with you the rich accomplishments that have taken place. As you page through this report, when you visit one of our schools or perhaps attend a fundraiser, I am confident that you will be inspired by the students and all of the people who make a difference in their lives.

Your time, talent and treasure have allowed 3,000 plus students from underserved families the opportunity to receive the quality education they need to succeed in elementary, high school, college and beyond. TTEF families are hopeful about their children’s future because they know that the opportunity to choose a parochial or private elementary school increases their child’s path to succeed regardless of racial, ethnic, religious or educational background. As evidenced by the following results:

- **100%** of TTEF recipients graduated from 8th grade
- **94%** were accepted as incoming freshman to college prep high schools
- **100%** TTEF alumni graduated from high school
- **100%** of the graduating Class of 2014 are enrolled in post secondary education and/or the military

Thanks to your generous partnership, the efforts of the students, and the commitment of dedicated teachers, principals and parents underserved children are learning and succeeding in safe, nurturing, academically challenging environments. On behalf of the TTEF kids, thank you! With your support children will continue to have access to high quality education. You have helped to instill hope within the life of a child, and hope is limitless!

Gratefully,

Kevin M. Short
Board Chair
Reading

Disadvantaged students in the first grade have a vocabulary that is approximately half that of an advantaged student (2,600 and 5,800 respectively).

The educational careers of 25 to 40 percent of American children are imperiled because they don’t read well enough, quickly enough or easily enough.

Amelia M.
Kindergarten student at Sacred Heart – Troy, MO
A new beginning for Amelia at Sacred Heart this year, means an opportunity to learn to initiate and develop healthy and positive relationships with peers, mentors and with her faith. A new beginning to learn what faith is, one step at a time through herself, her actions each day and with God. A new beginning to challenge herself in advanced educational curriculum, social settings and in athletic opportunities.

Tyler F.
Graduate of Most Holy Trinity Catholic School and Academy • Freshman at Incarnate Word Academy
Most Holy Trinity pushed me to be a great student. The academic expectations kept me focused and made me want to always try to do my best. IWA has been the best experience so far. I would not change anything about it. I believe I am where I’m supposed to be. I laughed at my mom in the first week of high school when she asked me what I wanted to study in college and she stated that I better start thinking about it now. I think I would like to study business, marketing and development to focus on starting and building my own billion dollar company!

Tyler F.

Most Holy Trinity School and Academy prepared Tyler for high school by directing and encouraging her to be the best student she could be. The faculty nurtured her leadership qualities which influenced her to be responsible and have passion for her education. I believe it takes a village to raise a child. MHT staff along with the positive influences from Tyler’s family, friends, church and parents all worked together with the common goal of educating Tyler and her class for success!

The Hannibal Family

Today and Tomorrow Alumni

The Today and Tomorrow Foundation has been a tremendous God-send to our family. We have nine children and it is paramount that they receive a Catholic education. The quality of education our children received by attending a private Catholic grade school, followed by a Catholic high school, provided a pathway that included acceptance into college and often times scholarships to make their dreams possible. We are very proud of our children’s accomplishments and most appreciative of the Today and Tomorrow Educational Foundation and all who generously give to support our children on their journey to success.
