## Scope and Content

**Series 1 Personal and Biographical** contains Bishop Rosati's personal memoranda notebooks, financial ledgers, theological writings, and general biographical materials about him. The materials cover the years 1809 to 1990, and include a file regarding his reinternment in St. Louis in 1954 from his original burial in Rome.

**Series 2 Correspondence** contains letters to and from Bishop Rosati. The correspondence is from clergy, bishops, sisters, and laypeople from around the country and the world. As a mission diocese, Rosati received reports and updates from missionaries working in various parts of the country. See the Annotated Index to the Bishop Joseph Rosati Papers to search for particular people, places, or things. The series is ordered into three general sections:

**Subseries 2.1 Correspondence, Topical** contains correspondence from 1815 to 1841 by specific topics, including faculties for clergy, petitions from Catholic community missions, the building of the cathedral, letters written by Rosati, letter books, and the Church-State situations in Mexico and Haiti. The letter books contain annotations, and some full transcriptions, of correspondence written by Rosati. There is an index to the correspondence compiled in 1890 by then-Chancellor Rev. Henry Van der Sanden. Of interest are the materials for Mexico and Haiti, countries to which Rosati was asked to be a church diplomat on behalf of Rome.

**Subseries 2.2 Correspondence, Alphabetical** contains the bulk of the Rosati Papers from 1816 to 1843. There are a handful of translations and additions in the folders ranging from 1774 to 1967. The folders are arranged alphabetically by surname with the contents arranged chronologically. Letters from persons that did not have a significant amount of correspondence were compiled into a folder by the first letter of the surname. The contents of those folders are arranged alphabetically by surname and then chronologically if there are more than one letter for a person.

**Subseries 2.3 Correspondence, Women Religious** contains correspondence with religious order sisters from 1821 to 1843. It is organized by the religious order first, and then by the sister's name. Letters from sisters that did not have a significant amount of correspondence were compiled into a general folder for the religious order. Because many sisters did not indicate their surnames, the contents of those folders are arranged chronologically.

**Series 3 Souvay Collection** contains copies, transcripts, annotations, and translations of documents related to Bishop Joseph Rosati, including diaries, general writings, and correspondence. The materials are arranged by type, then chronologically within folders. They cover the years 1814 to 1843. Of note is the typed transcription of Rev. John Timon's memoirs of Vincentians in the U.S. and start of St. Mary's of the Barrens, circa 1850.

Rev. Charles-Leon Souvay, C.M., was a professor at St. Mary's of the Barrens and Kenrick Seminary, and an establishing member of the Catholic Historical Society of St. Louis in 1918. He was Superior General of the Vincentians from 1933-1939. Souvay compiled these copies and transcripts from various archives, presumably around the 1920s or 1930s. Some of the items indicate the archives in which the original is housed. It is possible that some of this material is derived from or duplicates materials in the DeAndreis-Rosati Memorial Archive at DePaul University in Chicago.

**Series 4 Microfilm** includes microfilmed copies of much of the materials in the Rosati Papers, including correspondence, diaries, and materials from the Souvay Collection. The reels likely cover the years 1814

to 1843. The content on the reels have not been checked against the physical materials in the collection. The microfilm was made in the 1960s by Notre Dame University, which also holds copies of the reels.

## Administrative Information

**Provenance:** Bishop Joseph Rosati, C.M., Office of the Archbishop/Chancery

**Accession:** None. Original collection of the Archives.

**Processing Note:** Some major reprocessing work was applied to this collection from 2015-2019. It was evident that Rosati's papers had been split up into separate collections in the Archdiocesan Archives, but this made it difficult to navigate correspondence and to understand the scope of his archival legacy. Materials were removed from the priest personnel and the women religious collections to be reunited with the bulk of Rosati's Papers. While indexing the correspondence, Emory Webre was able to rectify identification issues, provide preservation enclosures, and write annotations of the letters. The final rehousing and order of folders was completed by Rena Schergen.
